I am extremely grateful to all the entrants who have sent us their creative images for the 13th PHOTOLOVERS International Circuit of Photography, 2022.

This time it was a four judging and four sections Circuit. The details of numbers are being given elsewhere in this catalogue.

Trends in photography are changing so fast, that one needs to be constantly in the loop of people's interests in order to keep his pictures interesting and in demand too. An original style has become exceedingly rare in the world of photography these days. "Style" refers to the peculiar way in which a photo artist approaches his subject matter, it is a combination of applying technical and creative choices which include the use of available lighting, framing of the image, using the colors and contrasts and all the other elements which are available at that point of time which work together in the creation of a cohesive aesthetic photographic image. Some photo artists are paying more attention to the post production editing techniques, these are also an essential component of image creation but only to a limited extent, more attention is required to the creative styling of the image exposure itself.

The competition is increasing day by day. People are acquiring new feature packed digital cameras constantly. People are going out of box in planning and implementing their photography projects and creating wonderful creative images. Though, for me, the principle of Good speech is a short speech still holds good and the philosophy of laconicism or brevity of expressions & style and minimalism is still very effective. In any case, so far as the creativity is concerned in modern day photography, sky remains the limit! We hope to continue to see the new trends and lot of creativity in photography in our future Circuits.

I would fail in my duties if I do not express my gratitude to some persons who made this Circuit a success. I would like to sincerely thank and express my gratitude to the Federation of Indian Photography and Dr. Barun Sinha, Hon. Secy Gen of FIP, Mr. Digwas Bellemane, Salon saathi, Mr. Rajeev Kumar of FIP, Patna for his help and support, The FIAP, The PSA and Ms. Pinki Ghosh Guha for her help. I express my thanks to the ICS & GPU for granting their approvals to us and also to Mr. T. Srinivasa Reddy for his help. I am much grateful to all the jury members of the Circuit who spent their valuable time in assessing and judging the images. I express my thanks to Shri Anurag Badoliya with his team and webmaster Mr. Arnab Chakraborty of Fotosalons for their great help in successfully completing this Circuit. I express my thanks to Mr. Sanjeev Shrivastava, Executive Engineer of Narmada Water Supply Project and Mr. Sharad Sohni with his team for helping us with the judging venue. I am also thankful to my daughter Sruti and all my family members without the help of whom; I could not have finished this task. I express my thanks to Mr. Navya Jindal for helping with excellent Coffee Machine with supplies during the judging, to Mr. Suumit for many background works including accounting, Mr. Anil Yadav and Mr. Mahendra Sg. Rajput alias Ajju and his team mates for their help.

Many thanks to all once again and Happy Photography!
