FOREWORD

The time has come to thank all the entrants who have sent entries for this 14th Photolovers International Photography Circuit, 2024 . We are extremely grateful to all the entrants who have sent their beautiful images to us and we hope that their support will continue in our future Circuits.

This was a three judging and four sections Circuit with the approvals of the FIP, FIAP & the PSA.

Photography is advancing fast and the new concept of AI, true photography has become more challenging. Traditional photographic art is deep rooted in human emotions and experience, elements that are difficult for AI to replicate as a machine cannot capture the human emotions. The ability of the machine or software to feel, understand and replicate the feelings and emotions of human traditional art will always be shorter. Machines will always depend on its database, whereas the artist will always depend on his feelings, emotions and experience. Learning and adopting new technologies, in software or hardware, is always helpful in improving the skills in any art form but these can not replace the human values. Full artistic control of the photo artist is most essential while using any technical tool or technology.

The camera and our lens through which we view the world, also shapes our behavior, our values and the way we look at the world. We love our cameras and the way we see the world through them but sometimes the scene is a little dusty, bit blurred and then we look around for some technological help to make the world sharp, but while doing so we have to keep an ethical balance between the traditional artistic values and the technology. The artistic creativity must continue. Thus, the integration of AI technology in photography brings both significant advantages and notable disadvantages. Let us make best use of the available technologies so long as they are ethical, without compromising our artistic, traditional skills & authenticity.

I would fail in my duties if I do not express my gratitude to some persons who made this Circuit a success. I would like to sincerely thank and express my gratitude to the Federation of Indian Photography and Dr. Barun Sinha, Hon. Secy. Gen. of FIP, Mr. Digwas Bellemane, Salon saathi, Mr. Rajeev Kumar of FIP , Patna for his help and support, The FIAP , The PSA and Mr. Ajay Kapoor of PSA for his help.

I am extremely grateful to all the jury members of the Circuit who spent their valuable time in assessing and judging the images. I express my thanks to Shri Shivji Joshi who travelled all the way from Jodhpur, Mr. Anurag Badoliya with his team and webmaster Mr. Arnab Chakraborty of FOTOSALONS for their help in successfully completing this Circuit.

I express my thanks to my son in law Mr. Navya Jindal for making his office available for judging and helping with excellent tea & Coffee supplies during the judging, to Mr. Suumit for so many background works, Mr. Anil Yadav and Mr. Mahendra Sg. Rajput and his team mates for their help.

Many thanks to all once again and Happy Photography !

SUDHIR SAXENA
